STEMMERIES BURNED

Three Hundred Persons Ride Into
Princeton, Ky.

TOBACCO SET ON FIRE

Masked Men Refused to Permit the
Flames to Be Extinguished and
Would Not Permit Tele-
phones to Be Used.

Princeton, Ky., Dec. 1.—A number of men rode into this place at an early hour Saturday and set fire to two large tobacco stemmeries along the Illinois Central railroad. A third fire was started in another part of the city. The total loss is about \$100,000.

The stemmeries were the property of James Steger and John G. Orr, the latter being controlled by the Imperial Tobacco company of New York, and totally destroyed. Several cottages in the vicinity were badly damaged, but nobody was hurt.

The mob, which numbered about 300 masked men, entered Princeton between 1 and 2 o'clock, seized the night town marshal and disarmed him. The men then went to the factories and quickly applied torches. The masked men stood on guard, permitting no one to come near until the buildings were completely enveloped in flames and help useless.

A squad of the mob took charge of the telephone office and no word of the affair was allowed to go out.

When the men saw the fire was beyond control they left town, going in the direction of Hopkinsville, discharging revolvers and rifles as they departed. The fire department then came out, but could do nothing more than prevent the fire from destroying buildings in the vicinity.

The Steger factory was controlled by the American Snuff company, and Mr. Steger is the Princeton agent for that concern. Mr. Orr is the representative of the Imperial company. There were about 150,000 pounds of tobacco in each warehouse and all of it was burned.

The mob, in addition to disarming the night watchman, took charge of the police station and waterworks. Even had the fire company responded the firemen would have been unable to obtain a supply of water.

The work of the mob is believed to be only in furtherance of the agitation by tobacco raisers against the tobacco trust. There is an organization of farmers known as the Dark Tobacco Growers' Protective association, but it is not known that any of its members were in the mob.

Prices Advanced.

Guthrie, Ky., Dec. 1.—At a meeting of the executive committee of the Dark Tobacco Growers' association here the prices of all tobaccos controlled by the association were advanced from \$1 to \$3 per 100 pounds.

ADJUDGED GUILTY.

Former Bank President Convicted by
Jury at Birmingham.

Birmingham, Dec. 1.—After having been out all night the jury in the case of Gordon Du Bose, former president of the defunct First National bank of Ensley, charged with misappropriating and embezzling national bank's funds, returned a verdict in the Federal court finding the defendant guilty on all counts of misapplication of the funds, but not guilty on all counts of abstraction and embezzlement. There were 172 counts in the indictment and the amount involved was about \$48,000, which sum, it was alleged, Du Bose lost in cotton speculation. The bank had a capital of \$50,000, and Du Bose owned \$33,000 of the stock. He made good the losses, but the Federal government proceeded to prosecute him for violation of the national banking laws. Before the jury retired Judge Jones ordered the embezzlement charges stricken from the indictment, saying the prosecution had failed to show that embezzlement was committed. The trial was in progress two weeks.

DuBose was taken before Judge Jones, who, after overruling a motion to set aside the verdict, sentenced him to five years' imprisonment, which is the minimum punishment provided by law.

WORST YEAR FOR SPOT

Large Falling Off In Cotton Business Reported.

BLAMES COMMISSION

Committee of Supervision of the New
Orleans Exchange Says Rail-
ings of Texas Virtually
Means Shutting Out.

New Orleans, Dec. 1.—A big falling off of the cotton business for the year ending Aug. 31 is indicated in the annual report of the Cotton Exchange, just issued.

"This is probably the worst year for the spot cotton business in New Orleans," says the report, "since the inauguration of the exchange thirty-five years ago."

"The cause of the record breaking falling off is explained as largely due to abnormal conditions and to disasters in the sections immediately tributary to New Orleans. Gross receipts of American cotton at the port of New Orleans were equivalent to 14.75 per cent of the commercial crop of the United States as compared with 20.07 per cent the year before."

Speaking of the receipts in presses, which were 36 per cent under last season, the report says that in addition to the instances already mentioned, it is believed that New Orleans suffered from diversion to other centers.

"We continue," says the committee of supervision, "to be practically shut out of Texas through the ruling of its railroad commission and for other causes, and out of the crop of that state and Indian Territory of 3,025,899 bales we received only 180,425 bales."

A recommendation to establish a direct wire system between New Orleans and New York exchanges, the two bodies to own the wire jointly, was made by the committee on information and statistics, which has been investigating.

FORMATION BEGINS.

Preparation of a Constitution For Ok-
lahoma State Has Been Started.

Guthrie, Dec. 1.—The actual formation of a constitution for Oklahoma was inaugurated Friday afternoon when propositions were introduced in the constitutional convention for two plans providing respectively for railroad regulation and separate coaches for whites and negroes. The railroad regulation bill is summarized as follows:

Railroad, express, sleeping car and oil pipe line companies shall be declared common carriers; to provide for stock inspection; to prevent consolidation, and prohibiting free passes.

The "jim crow" resolution was offered by Judge Ledbetter of Ardmore. Both resolutions were referred to the committee on railroads. The rules were adopted.

A feature of the morning session was the address of Delegate Ledbetter, who opposed the adoption of a resolution recognizing the Federal constitution as paramount to the state of Oklahoma. He declared that state sovereignty should be strictly observed.

FIVE FATALITIES.

Four Men and Their Foreman Lose
Their Lives by Mine Explosion.

Knoxville, Dec. 1.—A disastrous explosion occurred at Moccasin Gap, Va., twenty miles west of this place. A force of four men and a foreman, names of all unknown, were instantly killed by a dynamite blast in a deep cut being excavated for the South and Western railroad. According to the report received here, seven charges had been inserted and five of them exploded. The men, believing that all had been exploded, re-entered the cut, and as they did so the two remaining charges ignited with fatal effect. Their bodies were terribly mangled.

DREADFUL DEEDS.

Cooper Fatally Hacks His Wife With
a Hatchet and Suicides.

Atlanta, Dec. 1.—John F. Cooper, a carpenter, after fatally wounding his wife, committed suicide by shooting at his home in this city. The woman was cut in the neck with a hatchet, and a wound on her head probably fractured her skull. It is thought Cooper attacked his wife, and thinking he had killed her, blew out his own brains. The woman was too exhausted when found to make a statement. No cause for the tragedy is known.

SHOT AND KILLED.

Sol Oates Is a Corpse and Pose John-
son Is Accused.

Ardmore, Dec. 1.—Sol Oates, a joint-ist at Dougherty, was shot three times and instantly killed by Pose Johnson, a wealthy cattleman of the Chickasaw nation. It is alleged that Oates, while drinking, went to the home of Johnson and started the trouble.

SOCIAL and Club Matters

Mrs. G. S. Parker entertained the Entre Nous Club on Friday afternoon from three until six o'clock at her beautiful home in the southern part of town. The rooms were decorated in exquisite flowers. The pretty score cards were in Thanksgiving design and done in pen and ink. Four tables of merry players were on hand, each vying with the other in winning the greatest number of games of "Five Hundred." The time passed happily and the guests were entertained by a gracious hostess. A dainty salad course was served. Present were: Mesdames S. J. Bain, P. S. Tilson and A. B. Carr Jr. of Houston, Milton Parker, Cliff A. Adams, A. W. Wilkerson, W. H. Oliver, Ed Hall, H. A. Burger, R. M. Gordon, J. B. Hines, Frank Clarke, T. K. Lawrence, J. T. Hanway, Tyler Haswell, J. W. Doremus, J. A. McQueen, H. G. Rhodes, G. S. Parker.

The annual Thanksgiving Hop, complimentary to the football team, was given by the A. and M. corps of cadets at the mess hall Friday evening and attended by a large number of society people of Bryan, College and many other points in the state, there being a number of young ladies from distant points. The decorations of pennants and college colors from a number of schools, sofa pillows, swords, moss, etc., all nicely arranged and blended, were elaborate and attractive. Splendid music was supplied by a Houston orchestra, and the hour and the occasion were all that could be desired to make the football boys forget their defeat at Austin, and in common with others present, all their other troubles. Senior Captain W. A. Gilbert led the grand march with Miss Alberta Adams, sponsor of Company A.

Thursday afternoon from 4 to 6 o'clock at the home of Mrs. G. S. Parker a number of Bryan ladies will give a come and go reception in honor of the Daughters of the

Confederacy. No invitations other than the published notice will be issued and the Eagle is requested to say that all the ladies of Bryan who entertain delegates and all the visiting ladies are cordially invited to attend. The ladies joining Mrs. Parker in the reception are Mesdames Hanway, Ed Hall, Cliff A. Adams, Wilkerson, Haswell, Clarke, Oliver, McQueen, H. G. Rhodes, M. Parker, Jno. B. Hines, T. K. Lawrence, Gordon, Jno. M. Lawrence, J. Allen Myers, M. W. Sims Sr., Carnes.

The coming week will be a most notable one socially, with the visiting Daughters of the Confederacy as the guests of the people of Bryan. The program for the week includes not only the program of regular meetings of the convention, but a number of social functions. These will include the concert and reception of the Choral Club Monday evening, the President's evening Wednesday, a reception at the home of Mrs. G. S. Parker Thursday afternoon and the Elks Club reception Thursday night. In connection with this will come the production of the "Clansman" at the opera house Wednesday night.

To Miss Irma Harris the Bachelorettes Club owes its warm thanks for one of the most delightful meetings this season. Miss Harris was hostess on Saturday and bade the club members and a few others to meet at the home of her parents, Mr. and Mrs. C. A. Harris, and enjoy the game of "Hearts." The score cards were hand painted Dutch figures. After five spirited games were played it was found that Miss Harris deserved the prize, a bon bon dish in Dutch design. The consolation went to Miss Bessie Buchanan. The hostess, assisted by her mother and Miss Adline Sanders, served a Dutch lunch.

Chapter badges have been provided for all members of L. S. Ross Chapter U. D. C. to be worn during the convention here this week, and members are requested to procure them from Mrs. W. A. Banks and wear them to the sessions of the convention. All members are expected to attend the convention and will sit together in the seats allotted to the local chapter. The following reception committee has been appointed to meet delegates at the trains on Monday and Tuesday: Mesdames A. J.

The little folks had a fine time and wish many happy returns of the day for Master Milton.

TEACHERS INSTITUTE ADJOURNS.

Program Adapted for Next Meeting in February—Systematic Work to be Done.

The Brazos County Teachers' Institute adjourned at 10 o'clock yesterday after a highly profitable morning session, and the program given below for the next meeting, to be held early in February, was reported by Prof. Kinnard, chairman of the program committee, and unanimously adapted. As will be seen from the announcement appended to the program the members of the institute have adapted a systematic plan of work and will provide themselves with a standard treatise on method as a basis for their institute work in the future.

The plan of holding a five days institute was discussed at some length and met with much favor; also the plan of having the institute meet in different parts of the county. One or both of these may be tried later on, but from the trend of the discussion did not seem probable during the present school year.

PRESIDENT SCORED.

Negro Clergyman Also Pays Respects to Southern People.

New York, Nov. 30.—At the union Thanksgiving service in which the negroes of four churches of this city participated, President Roosevelt was denounced for his action in dismissing three companies of negro soldiers from the United States army. At the conclusion of the service, which was held in the Mount Olivet Baptist church, nearly every one present made a contribution to a fund which is being raised for the relief of the dismissed soldiers. The sermon was preached by Rev. W. H. Brooks, pastor of St. Mark's African Methodist Episcopal church.

In the course of his address Brooks said: "It has been the pretense and contention of the south that the shiftless and ignorant negro was the one she despised; but the real south appeared in her true colors when she took pains to run down, humiliate and outrage the most intelligent, thrifty and upright people of the community. This was scarcely over before the chief magistrate of the nation covered himself with eternal shame and disgrace by his unjust, unkind, un-democratic, un-American and atrocious, cold, cruel, drastic and infamous order against us brave, as heroic, as self-sacrificing a set of men as ever wore the blue or bore Old Glory on a field of strife.

"We will not be resentful nor revengeful; but we are bold enough to denounce the act as an outrage, and aggressive enough to demand justice at the highest court of earth and before the bar of heaven. Let him of the 'square deal' play fair; him of the 'fair play' play fair; him of the 'door of opportunity' not shut it and bolt it forever in the face of black veterans.

FOSTER'S WEATHER BULLETIN.

(Copyrighted 1906, by W. T. Foster.)

Washington, D. C., Dec. 1.—Last bulletin gave forecasts of disturbance to cross continent 1 to 5; warm wave Nov. 30 to Dec. 4; cool wave 3 to 7. Next disturbance will reach Pacific coast about 6; cross west of Rockies country by close of 7; great central valleys 8 to 10 eastern states 11. Warm wave will cross west of Rockies about 6; great central valleys 8; eastern states 10. Cool wave will cross west of Rockies about 9; great central valleys 11; eastern states 13.

No great importance will attach to this disturbance. During the five days it will be crossing the continent temperatures will continue to average lower than usual. Not much rain or snow. Cold weather will precede and follow the storm center or low and a general rise in temperatures will follow and continue ten days. This disturbance will be the calm before the storm.

My forecasts of great and unusual weather events to follow Nov. 14 were surely well put. The frequent warnings of the coming bad weather were of great benefit to those who gave heed and prepared their affairs for the worst. This is particularly true of agriculture.

About and following Dec. 1 important weather events are expected. Unusually cold and stormy, as a general average, but made up of sudden and great changes. Not much rain or snow till the disturbance of 25 reaches your locality.

Planetary positions are of unusual interest. Venus passed between the earth and sun Nov. 29. Mercury 30, and Dec. 2 the earth will pass between Jupiter and Neptune on one side and the sun on the other. Our moon came into the line Nov. 30.

It will be noted that five of the great planets, including our earth, together with the sun and our moon will be in line or conjunction near Dec. 1. The five bodies are not only bunched on one side of the sun but Mercury is at its nearest point to the sun and the earth and Jupiter are also at their perihelion or nearest point to the sun.

The aggregate effects of these unusual groupings of the planetary bodies cannot, at this writing, be seen. Such groupings occur only at long intervals. But I feel sure that great disturbances will occur all around the earth and that we will have great weather changes including cold weather on this continent.

It will be interesting to watch the results of this uncommon planetary combination in its effects on all parts of the little planet on which we live. The effects will continue in radical way at least till Dec. 7, probably longer, and those interested in planetary meteorology will watch for reports from all parts of the earth.

his head and the bread of his job that he can ruthlessly mistreat a suffering hysterical woman on the one hand and outrage a battalion of soldiers on the other; soldiers to whose faithfulness he owes his life? If 'peaching' on comrades is such a soldierly virtue he should have a chair of peachment in West Point, Annapolis and especially at Harvard.

"But, in spite of all, we have everything to be thankful for. We have dis-appointed the world for the soldiers in disgrace; have acted as brave men, not resentful children, thankful that the people of the country, with few exceptions, have condemned such drastic measures that the conservative people north and south do not countenance such actions.

"If a Republican congress refuses to correct the wrongs thus inflicted every black man in the south ought to pack up his belongings and move to a doubtful state and vote the whole thing out of existence. It is by the ballot, and not by vengeance, we shall win."

Captain Edmund Berkeley, a well known railroad man of Atlanta, died at Philadelphia from a surgical operation.

An advance notice says: Although the house for 'The Clansman' Tuesday evening, Dec. 5, there are still a few choice sittings to be had at the advance sale at Tyler Haswell's book store. On account of entire house, including both the lower floor and the balcony, has to show will be put on exactly as it was last week at the Greenwall Opera House, Dallas, when it attracted the greatest crowds and history of those theatres.

BY CARNES & WALLACE.

BRYAN, TEXAS, DEC. 2, 1906.

Mayor Dunne, of Chicago, is being cooked to a brown turn for his refusal to preside at the Tillman speaking in Chicago.

Bryan has risen to meet the situation with characteristic hospitality and the Daughters of the Confederacy will be given cordial welcome and entertainment during their stay in the city.

There is abundant evidence that cotton breeding and development is practical, and that it pays to plant, cultivate and preserve selected seed. This is especially true in the case of the farmer whose acreage is limited.

With visitors from all parts of state in our midst during the coming week, let no one miss an opportunity to put in a good word for our splendid schools. The ladies are observant and if given an opportunity they will be able to see for themselves what Bryan is doing for the cause of education.

Editor Blackshear of the Nava-sota Examiner is willing to lose even a little hair in a good cause. He says: Somebody tells us, if we advocate a town cow law, our scalp won't be worth a cent. Let her go; we haven't any great amount of hair to lose anyway, and if it's necessary to the cause, why, here's looking.

These allurements of three successful crop years in the west are attracting many people from other sections of the state, but the farmers of Brazos County are about as well off as any we know of, and growing more prosperous year after year. They are doing business at the old stand and have money in the banks.

There is no reason for anybody to go away from Bryan to make holiday purchases. The local merchants have made ample provision for the holiday trade, and are opening up their splendid stocks of goods which will be sold at reasonable prices, and you can see what you are buying before the purchases are made.

CONFERENCE NOTES.

The following notes are taken from the Galveston News report of the proceedings of the Texas Conference at Tyler on Friday:

Rev. I. F. Betts of Bryan conducted the devotional services, reading as the Scripture lesson, John xv, 1-17. Rev. Dr. Betts,

one of the prominent and coming men of the church, made a terse, but most fervent and impressive prayer, after which the bishop rapped his gavel and began the dispatch of business with his characteristic push and promptness.

Mrs. E. L. Shettles, president of the Foreign Mission Society, read the report for Mrs. John E. Green, the secretary. This society made a fine report of the work it is accomplishing.

Rev. I. Z. T. Morris, who is charged with providing homes for orphans, addressed the conference and received a contribution of \$54.

DAUGHTERS OF THE CONFEDERACY.

To Have a Building at the Jamestown Exposition Along Lines of Beauvoir House.

Norfolk, Va., Nov. 30.—The Daughters of the Confederacy are to have a building at the Jamestown Exposition. This has been practically decided and it may be that the State Division will bear the cost. A plan for raising the necessary amount is under consideration, but it has been assured that the members will not be assessed.

The plan of the proposed building will be similar to that of the Beauvoir House, the home of Jefferson Davis. As far as possible, the structure will be an exact replica of the Davis home, even to the furniture. A cafe will be attached to the building for the convenience of the Daughters who attend the Exposition.

FAULTY DIGESTION.

Quickly Shatters the Nervous System. Should be Given Attention at Once.

If the sufferer with weak nerves only realized that a faulty digestion was the chief cause of nerve exhaustion, a cure would be much easier, for he would then strengthen the digestive organs with Mi-o-na stomach tablets.

A few days use of these tablets will tone and strengthen the digestive system so that it will absorb all the elements of nerve force from the daily food, and the nerves will be strengthened, sleeplessness will be overcome, weakness will vanish, and the various functions of the body will become natural and regular.

If you have specks before the eyes, are sleepless, have nervous twitchings, headaches and backaches, if there is nausea or distress after eating, if the appetite is poor and there is general debility and weakness, begin the use of Mi-o-na at once, and you will soon notice a marked improvement in health. It will give strength and vigor to the whole digestive system, restore the vital force and nerve energy, and impart ambition, strength and good spirits to the discouraged, rundown and weak.

You run no risk whatever in buying Mi-o-na, for E. J. Jenkins gives an absolute guarantee with every 50-cent box that the money will be refunded unless Mi-o-na does all that is claimed for it.

Attention is invited to the announcement in the advertising columns of the Eagle of the next Bryan Lyceum Course attraction, which will be William Owen, the great Shakespearean actor, and his excellent company in "Romeo and Juliet." This attraction will appear with scenic accessories at the opera house in this city Friday night, Dec. 14, and will doubtless be the finest attraction of the season.

Interest in the U. D. C. circles at this date is centered in the eleventh annual convention of the Texas Division, to be held in Bryan Tuesday and running through Friday. The L. S. Ross Chapter is hostess. Mrs. Mollie R. Macgill Rosenberg, life president of the Veve Jefferson Davis Chapter, and Mrs. Cornelia Branch Stone will attend this convention.—Galveston News.

County and city officers made a raid on a crap game here yesterday afternoon and landed sixteen negroes in jail on a gambler's charge. Some of them gave bond. The officers who made the raid were Sheriff Nall, Deputy Sheriff Conlee, Deputy Marshal W. A. Reed, Constable C. L. Baker, J. H. Reed and colored constable Powell Harvey.

THIRD ANNIVERSARY SERMON.

Services will be held as usual at the First Baptist church today. The 11 o'clock service this morning will be a notable one by reason of the fact that Dr. Geo. B. Butler, the pastor of the church and president of the Texas Woman's College, who came to Bryan from Natchez, Miss., three years ago, will at that hour preach his third anniversary sermon. Dr. Butler came to Bryan a strong man and with his activities here has gathered greater strength and wisdom. His work in building up the church and the school has been remarkable and is not unknown to the people of Texas and other states. It may be said that great as the work is, it has only had its beginning; the future alone can know its scope and influence. Dr. Butler's subject at the night service will be "The Daily Death."

The following Waco special will be read with interest by the many friends of Mr. Semones Adams formerly of this city: A. S. Adams, who has been assistant claim agent of the International and Great Northern road here, has resigned and will accept a very responsible undertaking. He has become superintendent of lock and dam No. 6 on the Trinity, 40 miles below Dallas, and goes to work at once. The contract was secured by Foster, Epes & Co., of Fort Worth, and they secured Mr. Adams as the man to superintend the work. His family will remain here. The lock and dam will cost \$300,000 and it will require a year or more to complete the same.

CASH AFTER DEC. 15.

Owing to the time lost from our business in collecting bills, which, when devoted to our regular laundry work will enable us to give our patrons much better service with no increase in our charges, notice is hereby given the public that on and after Dec. 15 all work at the Bryan Steam Laundry will be strictly cash on delivery with positively no exceptions. We will provide all patrons who desire them with our coupon books at ten per cent discount for the cash, and they will find it not only a saving but more convenient than to wait for the presentation of bills. All patrons will please remember the date and that there will be no variation from this rule.

DAVIDSON TO BAILEY.

Attorney General Asserts There Has Been No Misrepresentation.

Austin, Dec. 1.—In reply to Senator Bailey Attorney General Davidson, after making the Waters-Pierce Oil company answer to the following questions:

"April 15, 1900, you received from H. C. Pierce \$33,300. This sum was subsequently returned to Mr. Pierce by the Waters-Pierce Oil company and charged as 'account of Texas cases.' Was the sum given to you as a loan or as a fee? If a loan, has it ever been paid? On June 15, 1900, a charge was made in the books of the Waters-Pierce Oil company of \$1,500 as paid to Henry & Stribling 'on account of expense of anti-trust civil case.' Was not this sum paid by a sight draft by you? You have stated that you did not draw on the Waters-Pierce Oil company for such sum. Did you draw such a sight draft on H. C. Pierce or J. D. Johnson?"

"You received \$200 on Nov. 23, 1900, which was charged up on the books of the Waters-Pierce Oil company as 'on account of Texas cases.'"

"Did you represent the Waters-Pierce Oil company or H. C. Pierce in Texas in any case other than the anti-trust cases? Was the sum paid to you by H. C. Pierce or the Waters-Pierce Oil company?"

"On March 28, 1901, or about that time, you wrote a letter to H. C. Pierce, in response to which you received New York exchange for \$1,750. This sum was charged up on the books of the Waters-Pierce Oil company as 'on account of Texas legal expenses.' Did you, in this letter, request a loan, or did you demand a fee? If a loan, has it been paid? If a fee, for what service?"

"On March 6, 1901, you executed your note for \$5,000, due in four months, to H. C. Pierce. You received Pierce's check for the amount repaid him by the Waters-Pierce Oil company. Has this note ever been paid? Has payment ever been demanded?"

The attorney general asserts that the senator has not been misrepresented by the demand which counsel for the state made for vouchers and books of the Waters-Pierce Oil company. He insists that such vouchers show that H. C. Pierce drew money from the oil company to reimburse himself for payments which he claimed to have been made to Senator Bailey "on account of Texas cases."

Continuing, the attorney general says: "The circumstance that the evidence establishes that you received some of the money which the company charged to expenses connected with the Texas anti-trust cases is a fact for which I am in no sense responsible, and my idea of the discharge of public duty does not comport with the suppression of evidence, because such evidence might injure on in high position."

CASE CONTINUED.

Waters-Pierce Oil Company Matter Goes Over Until March.

Austin, Dec. 1.—Judge Brooks late Friday afternoon granted the motion of the defense in the case of the State of Texas against the Waters-Pierce Oil company for a continuance until the next term of court, which begins the first Monday of next March.

During the civil war he achieved distinction as a member of Forrest's command. After the strife had ended Colonel Leake located at Camden, Ark.

WILL BUY LAND.

Representatives of English Cotton Spinners to Purchase Considerable.

New Orleans, Dec. 1.—It is announced by Colonel W. M. Welch, in charge of the Gould system immigration bureau at this city, that the representatives of Lancashire and Manchester Cotton Spinners' association, who have just completed a tour of the cotton belt, have practically decided to purchase a 5,000-acre tract of cotton land each in Louisiana and Mississippi with a view of raising and shipping cotton to their own mills in Lancashire and Manchester. The lands under consideration in Louisiana are in Red River, Avierilles, Ouchita and Tensas parishes.

The experiment of handling cotton direct from farms to spinners, if carried out, will be of far-reaching effect. The Englishmen believe that in this way they will eliminate the middlemen and land cotton at their mills much cheaper than at present. While the spinners' agents are fully authorized to close the deals for the lands, they have decided to wait until after their return to England and consultation with their association before making permanent arrangements.

The party left for St. Louis, where they will consult heads of several cotton carrying roads and go from there to New York, sailing for England about Dec. 10.

Several clauses are on trusts and educational system. One by Board of Okmulgee is for a state printing plant, and one by Weaver of Ada is against the sale of the school lands. One by Jones of Ryan makes only causes for divorce adultery, abandonment and conviction of felony. Another by Jones makes 10 per cent the maximum interest rate.
